

About Us

Rowing is a Tier 3 varsity sport in Loudoun County. As such, the Stone Bridge Rowing Team does not receive any funding from Loudoun County or the scholastic sports association. In order for the athletes to participate in rowing, they are required to raise all funding through corporate sponsorships, donations and other fundraising opportunities.

The Stone Bridge Rowing Team has established a winning tradition and would like to continue their achievements with the assistance of personal and corporate sponsorships.
